Student Medical Need Parking Request Information and Instructions

Students may request special parking for a qualified medical condition. The form must be completed by the healthcare provider treating the problem. The provider (MD, DO, PA, NP, PT, ATC) cannot be someone with whom you have a significant emotional relationship (e.g. parent, sibling, or other relative). Recommendations and/or statements included in the medical documentation should not be interpreted as automatic approvals for special parking. Previously approved parking from Duke or other institutions or agencies does not guarantee approval of this request.

- Students requesting **temporary** handicap parking should submit the request form to Tranpark@duke.edu.

Or take it to one of the Parking Offices. Location and hours listed here:

http://parking.duke.edu/parking/maps/parking_office_map.php

Access will be electronically added to your parking permit.

If you do not have a parking permit, you must go to the Parking Office to purchase one for the duration of your handicap access.

- Students requesting **permanent** handicap parking should present a permanent state issued accessible parking placard to the Parking Office at 302 Science Dr./Science Dr. Garage.
